Filed Electronically

Attention: Mr. Michel L. Mantha, Secretary

Dear Sir:

**Re: Foothills Pipe Lines Ltd. (Foothills)
Statement of Rates and Charges Effective June 1, 2006**

Pursuant to Section 60(1)(a) of the *National Energy Board Act*, Foothills encloses for filing rates and charges for transportation service on Foothills Zones 6, 7, 8 and 9. Foothills intends these rates to be effective June 1, 2006.

On March 23, 2006, the Board approved amendments to the Foothills Gas Transportation Tariff – Phase I to enable the conversion of contracts from units of volume to units of energy effective June 1, 2006.

It has since come to the attention of Foothills that there were errors in the Table of Effective Rates included in the application of February 27, 2006 for approval of these amendments as a result of a misapplication of the conversion methodology. As well, Foothills has determined that additional significant figures are required in its Table of Effective Rates to reduce the revenue variance due to rate rounding.

Attachment 1 to this letter is a blacklined version of the Table of Effective Rates reflecting the above adjustments.

Foothills will notify its shippers and interested parties of the filing pursuant to Order TG-6-81. Foothills will also post a copy of this filing in its entirety on TransCanada's Foothills System website at:
