

National Energy  
Board

Office national  
de l'énergie

File 4750-A000  
25 February 2003

To: Group 1 Pipeline Companies

**Financial Information Submitted to the National Energy Board  
by Group 1 Pipeline Companies**

By letter dated 6 December 2001, the Board notified companies of a revision to Part XI of its *Guidelines for Filing Requirements (22 February 1995)*. The revision enables companies with incentive settlements to either submit the six schedules appended to Part XI or provide a "base level" of financial information as specified in the new section 8.

While the Board stated that the revised Part XI would be effective immediately on the date of its decision, the Board did not require pipeline companies that have been exempted from surveillance reporting to comply immediately with the revised Part XI.

By this letter, the Board gives notice that, once a settlement incorporating a filing exemption expires or once the current term of such a settlement terminates, the pipeline company that has been exempted from Part XI requirements will be expected to comply with the revised Part XI.

The Board directs that each Group 1 pipeline company serve forthwith a copy of this letter on its shippers and interested parties.

Yours truly,

A handwritten signature in black ink, appearing to read "M. Mantha", with a long horizontal flourish extending to the right.

Michel L. Mantha
