

## GLOSSARY OF TERMS

AFUDC	Allowance for funds used during construction	Carseland	A natural gas-fired cogeneration plant located near Carseland, Alberta
AGIA	Alaska Gasline Inducement Act	Cartier Wind	Six wind farms in Gaspé, Québec, three of which have been built
Alaska Pipeline Project	A proposed natural gas pipeline extending from a new natural gas treatment plant at Prudhoe Bay, Alaska to Alberta	Chinook	A proposed HVDC transmission project that will originate in Montana and terminate in Nevada
Alberta System	A natural gas transmission system in Alberta	CICA	Canadian Institute of Chartered Accountants
American Natural Resources (ANR)	A natural gas transmission system extending from producing fields located primarily in Oklahoma, Texas, Louisiana and the Gulf of Mexico to markets located primarily in Wisconsin, Michigan, Illinois, Ohio and Indiana, and regulated underground natural gas storage facilities in Michigan	CO <sub>2</sub>	Carbon dioxide
ANR Pipeline	ANR Pipeline Company	Coolidge	A simple-cycle, natural gas-fired peaking power generation station under development in Coolidge, Arizona
APG	Aboriginal Pipeline Group	CrossAlta	An underground natural gas storage facility near Crossfield, Alberta
AUC	Alberta Utilities Commission	DRP	Dividend Reinvestment and Share Purchase Plan
B.C.	British Columbia	Edson	A natural gas storage facility near Edson, Alberta
Bbl/d	Barrels per day	FAS	Financial Accounting Standard
Bcf	Billion cubic feet	FCM	Forward Capacity Market
Bcf/d	Billion cubic feet per day	FERC	U.S. Federal Energy Regulatory Commission
Bear Creek	A natural gas-fired cogeneration plant near Grande Prairie, Alberta	Foothills	A natural gas transmission system extending from central Alberta to the B.C./U.S. border and to the Saskatchewan/U.S. border
Bécancour	A natural gas-fired cogeneration plant near Trois-Rivières, Québec	Framework	Regulatory Framework for Air Emissions
Bison	A proposed pipeline from the Powder River Basin in Wyoming to the Northern Border system in North Dakota	GAAP	Generally accepted accounting principles
BPC	BPC Generation Infrastructure Trust	Gas Pacifico	A natural gas transmission system extending from Loma de la Lata, Argentina to Concepción, Chile
Broadwater	A proposed offshore LNG project located in the New York waters of Long Island Sound	GHG	Greenhouse gas
Bruce A	A partnership interest in the nuclear power generation facilities of Bruce Power A L.P.	GJ	Gigajoule
Bruce B	A partnership interest in the nuclear power generation facilities of Bruce Power L.P.	Grandview	A natural gas-fired cogeneration plant near Saint John, New Brunswick
Bruce Power	Bruce A and Bruce B, collectively	Great Lakes	A natural gas transmission system that connects to the Canadian Mainline and serves markets in Eastern Canada and the northeastern and midwestern U.S.
Calpine	Calpine Corporation	Gas Transmission Network (GTN)	GTN System and North Baja, collectively
Cameco	Cameco Corporation	GTNC	Gas Transmission Northwest Corporation
Canadian Mainline	A natural gas transmission system extending from the Alberta/Saskatchewan border east into Québec	GTN System	A natural gas transmission system extending from the B.C./Idaho border to the Oregon/California border, traversing Idaho, Washington and Oregon
Cancarb	A waste-heat fuelled power plant at the Cancarb thermal carbon black facility in Medicine Hat, Alberta	GWh	Gigawatt hours
CAPLA	Canadian Alliance of Pipeline Landowners' Associations	Halton Hills	A natural gas-fired, combined-cycle power plant near Toronto, Ontario
		HS&E	Health, Safety and Environment
		HVDC	High voltage direct current

IASB	International Accounting Standards Board	NorthernLights	A proposed HVDC electric transmission line running from central Alberta to a terminal in southern Alberta and interconnecting with the Pacific Northwest
IFRS	International Financial Reporting Standards	NYISO	New York Independent System Operator
INNERGY	An industrial natural gas marketing company based in Concepción, Chile	OM&A	Operating, maintenance and administration
Iroquois	A natural gas transmission system that connects with the Canadian Mainline near Waddington, New York, and delivers natural gas to the northeastern U.S.	OPA	Ontario Power Authority
ISO	International Organization of Standardization	Ocean State Power (OSP)	A natural gas-fired, combined-cycle plant in Burrillville, Rhode Island
ISO-NE	Independent System Operator New England	Palomar	A proposed pipeline extending from the GTN System to the Columbia River northwest of Portland
Keystone	A pipeline under construction that will transport crude oil from Hardisty, Alberta, to U.S. markets at Wood River and Patoka in Illinois, and to Cushing, Oklahoma	Pathfinder	A proposed pipeline from Meeker, Colorado to the Northern Border system in North Dakota
Keystone partnerships	TransCanada Keystone Pipeline Limited Partnership and TransCanada Keystone Pipeline, LP, collectively	PipeLines LP	TC PipeLines, LP
Kibby Wind	A wind power project located in Kibby and Skinner Townships in northwestern Franklin County, Maine	PNGTS	Portland Natural Gas Transmission System
km	Kilometres	Portland	A natural gas transmission system that extends from a point near East Hereford, Québec to the northeastern U.S.
kV	Kilovolt	Portlands Energy	A combined-cycle natural gas cogeneration plant near downtown Toronto, Ontario
LIBOR	London Interbank Offered Rate	PPA	Power purchase arrangement
LNG	Liquefied natural gas	Ravenswood	A natural gas and oil-fired generating facility consisting of multiple units employing steam turbine, combined cycle and combustion turbine technology located in Queens, New York
MacKay River	A natural gas-fired cogeneration plant located near Fort McMurray, Alberta	Redwater	A natural gas-fired cogeneration plant located near Redwater, Alberta
MD&A	Management's Discussion and Analysis	RGGI	Regional Greenhouse Gas Initiative
Mackenzie Gas Pipeline (MGP)	A proposed natural gas pipeline to be constructed from a point near Inuvik, Northwest Territories to the northern border of Alberta	ROE	Rate of return on common equity
Mirant	Mirant Corporation and certain of its subsidiaries	Salt River Project	Salt River Project Agricultural Improvement and Power District
mmcf/d	Million cubic feet per day	SEC	U.S. Securities and Exchange Commission
Moody's	Moody's Investors Service	Sempra	Sempra Pipelines and Storage
MW	Megawatt	Sheerness	A coal-fired power generating facility located near Hanna, Alberta
MWh	Megawatt hours	STEP 2008	Storage enhancement project
NEB	National Energy Board of Canada	Sundance A	A coal-fired power generating facility located near Wabamun, Alberta
Net earnings	Net income from continuing operations	Sundance B	A coal-fired power generating facility located near Wabamun, Alberta
North Baja	A natural gas transmission system extending from Arizona to the Baja California, Mexico/California border	Sunstone	A proposed pipeline from Wyoming to Stanfield, Oregon
Northern Border	A natural gas transmission system extending from a point near Monchy, Saskatchewan, to the U.S. Midwest		

Tamazunchale	A natural gas transmission system in Mexico extending from Naranjos, Veracruz to Tamazunchale, San Luis Potosi	Tuscarora	A natural gas transmission system extending from Malin, Oregon to Wadsworth, Nevada
TC Hydro	Hydroelectric generation assets located in New Hampshire, Vermont and Massachusetts	U.S.	United States
TCPL	TransCanada PipeLines Limited	VaR	Value-at-Risk methodology
TCPM	TransCanada Power Marketing Ltd.	Ventures LP	Natural gas transmission systems in Alberta that supply natural gas to the oil sands region of northern Alberta and to a petrochemical complex at Joffre, Alberta
Trans Québec & Maritimes (TQM)	A natural gas transmission system that connects with the Canadian Mainline and transports natural gas in Québec, from Montreal to the Portland system and to Québec City	WCI	Western Climate Initiative
TransCanada or the Company	TransCanada Corporation	WCSB	Western Canada Sedimentary Basin
TransGas	A natural gas transmission system, extending from Mariquita in the central region of Colombia to Cali in the southwest region of Colombia	Williams	Williams Gas Pipeline Company, LLC
		Zephyr	A proposed HVDC transmission project that will originate in Wyoming and terminate in Nevada
