

Sarah E. Raiss

Executive Vice-President, Corporate Services

Sarah Raiss is Executive Vice-President, Corporate Services, responsible for human resources, information systems, aviation, corporate services and internal communications for TransCanada.

Prior to her position with TransCanada, Ms. Raiss was President of S.E. Raiss Group, Inc., a consulting firm specializing in strategy, culture change and merger integration. From 1989 through 1994, Ms. Raiss held various senior positions at Ameritech. She served as Vice-President of Customer Service, Training and IT Support and was one of 120 top leaders appointed by the Chairman of Ameritech to move the company from a network-based regulated company to a market-facing competitive company. She also served as Director of Strategy. Prior to joining Ameritech, Ms. Raiss was a Senior Consultant at Metzler & Associates. Ms. Raiss began her career at Michigan Bell in engineering, facility and technology planning. She also held the positions of manager, long-range technology planning and product manager, transportation and information services.

After being named to Canada's Most Powerful Women: Top 100 list for four years, Ms. Raiss has been inducted into the Top 100 Hall of Fame.

Ms. Raiss currently sits on the Board of Directors for the Business Development Bank of Canada, where she chairs the Human Resources Committee, the Shopper's Drug Mart Board of Directors, and the Calgary Petroleum Club Board of Directors. She was Co-Chair for the 2004 United Way of Calgary and Area campaign.

Ms. Raiss holds a Bachelor of Science in Applied Math, a Master of Business Administration in Strategic Marketing and Organization Behavior from the University of Michigan and an ICD.D.

With more than 50 years' experience, TransCanada is a leader in the responsible development and reliable operation of North American energy infrastructure including natural gas pipelines, power generation, gas storage facilities, and projects related to oil pipelines. TransCanada's network of wholly owned pipelines extends more than 59,000 kilometres (36,500 miles), tapping into virtually all major gas supply basins in North America. TransCanada is one of the continent's largest providers of gas storage and related services with approximately 370 billion cubic feet of storage capacity. A growing independent power producer, TransCanada owns, or has interests in, over 11,800 megawatts of power generation in Canada and the United States. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP. For more information visit: www.transcanada.com
