

## Sean McMaster

### Executive Vice-President Corporate and General Counsel

Sean McMaster is Executive Vice-President Corporate and General Counsel with overall responsibility for the management of TransCanada's legal affairs, public sector relations, internal audit, and corporate security. As Chief Compliance Officer, Mr. McMaster is also responsible for compliance matters generally. Mr. McMaster was appointed to this position in June 2006; prior to this, he served as Vice-President, Power at TransCanada, responsible for executing major transactions, participating in strategic planning and co-ordinating special projects for TransCanada's Power business. Until its divestment in 2005, Mr. McMaster was President, TransCanada Power, L.P., a publicly held limited partnership that owned power plants in Canada and the United States.

Hired in 1996, Mr. McMaster served as Business Unit General Counsel for TransCanada Energy Ltd. Prior to joining TransCanada, Mr. McMaster served as a Director and Editor-in-Chief for the Canadian Petroleum Law Foundation, and in expert legal capacities for Blain & Company, Mobil Oil Canada, and Bennett Jones. He has also served as a tank commander in the Canadian Armed Forces.

Mr. McMaster is a member of the Canadian Bar Association, the Law Society of Alberta, the Calgary Bar Association and has been involved in numerous other professional and community groups. He has authored various works revolving around the energy industry and various corporate/commercial concerns. Mr. McMaster was appointed Queen's Counsel as of December 31, 2009.

Mr. McMaster graduated from the University of Windsor in 1981 with a Bachelor of Arts (Honours) degree in Economics and Political Science. He received his Bachelor of Law degree with a focus on Corporate and Commercial Law from the University of Alberta in 1989, attaining Dean's list standing and was the Editor-in-Chief of the Alberta Law Review. Mr. McMaster received his Masters of Business Law from York University in 2006 with the completion of his thesis in the area of corporate governance. Mr. McMaster obtained the Chartered Director (C.Dir.) designation from the Directors College (a joint venture of McMaster University and the Conference Board of Canada), and has also completed his first year of the Chartered Financial Analyst program.

With more than 50 years' experience, TransCanada is a leader in the responsible development and reliable operation of North American energy infrastructure including natural gas pipelines, power generation, gas storage facilities, and projects related to oil pipelines. TransCanada's network of wholly owned pipelines extends more than 59,000 kilometres (36,500 miles), tapping into virtually all major gas supply basins in North America. TransCanada is one of the continent's largest providers of gas storage and related services with approximately 370 billion cubic feet of storage capacity. A growing independent power producer, TransCanada owns, or has interests in, over 11,800 megawatts of power generation in Canada and the United States. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP. For more information visit: [www.transcanada.com](http://www.transcanada.com)
