

## Francois Poirier

Executive Vice-President,  
Corporate Development and Strategy and President,  
Mexico Natural Gas Pipelines and Energy

As Executive Vice-President, Corporate Development and Strategy and President, Mexico Natural Gas Pipelines and Energy, Mr. Poirier provides leadership in the development of TransCanada's long-term strategy and all corporate development activities, as well as overseeing enterprise risk management across the corporation. He is also responsible for all aspects of our power generation, unregulated gas storage and Mexico gas businesses, including commercial, business development, project, regulatory and operating functions.

Before joining TransCanada, Mr. Poirier spent 25 years in investment banking, consulting and as a Corporate Director. He was President and Head, Investment Banking and Capital Markets, for Wells Fargo Securities Canada, Ltd. Prior to that, he was Group Head, Power and Pipelines Investment Banking, at J.P. Morgan Securities in New York.

From 2007 to 2011, Mr. Poirier served as an Independent Director of Capital Power Income LP. His community involvement has included serving as Chair of the North York Harvest Food Bank.

Mr. Poirier holds a Master of Business Administration from the Schulich School of Business at York University and graduated Magna Cum Laude with a Bachelor of Operations Research from the University of Ottawa.

With more than 65 years' experience, TransCanada is a leader in the [responsible development](#) and reliable operation of North American energy infrastructure including natural gas and liquids pipelines, power generation and gas storage facilities. TransCanada operates one of the largest natural gas transmission networks that extends more than 91,900 kilometres (57,100 miles), connecting major gas supply basins to markets across North America. TransCanada is a leading provider of gas storage and related services with 653 billion cubic feet of storage capacity. A large independent power producer, TransCanada currently owns or has interests in more than 6,000 megawatts of power generation in Canada and the United States. TransCanada is also the developer and operator of one of North America's leading liquids pipeline systems that extends approximately 4,900 kilometres (3,000 miles), connecting growing continental oil supplies to key markets and refineries. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP.
